Industry Structure & Developments

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. The industry is extremely varied, with hand-spun and hand-woven textiles sectors at one end of the spectrum, with the capital-intensive sophisticated mills sector at the other end. The fundamental strength of the textile industry in India is its strong production base of a wide range of fibre/yarns from natural fibres like cotton, jute, silk, and wool, to synthetic/man-made fibres like polyester, viscose, nylon and acrylic.

The decentralised power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of textiles industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles makes it unique in comparison to other industries in the country. India's textiles industry has a capacity to produce a wide variety of products suitable for different market segments, both within India and across the world.

India is the world's third largest producer of textiles and apparel. India ranks among the top five global exporters in several categories with exports expected to reach \$ 100 billion. The textiles and apparel industry contribute 2.3% to the country's GDP, 13% to industrial production and 12% to exports. The textile industry in India is predicted to increase its contribution from 2.3% to 5% of GDP by 2030. Around 45 million people are working in the textile business, including 3.52 million people who work on handlooms. The Indian textile and apparel industry is expected to grow at 9 to 10% CAGR to reach US\$ 190 billion by 2025-26.

The textile industry is labor intensive and is one of the largest employers making it the largest source of industrial employment in India. India enjoys a comparative advantage in terms of skilled manpower and in cost of production relative to other major textile producers

In order to attract private equity and employ more people, the government introduced various schemes such as the Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.

The Indian government has come up with several export promotion policies for the textile sector. It has also allowed 100% FDI in the sector under the automatic route.

Cotton production in India was 32.31 million bales in financial year 2023-24 India is the second largest producer of cotton accounting for 39% of the global cotton area and contributes to 24% of the global cotton production. Cotton prices are ruling favorably during the current cotton season in view of lower demand for cotton from spinning industry.

The demand for Ring and Open end yarn was very low during the current year and the margin was also reduced compared to previous year substantially. The demand for denim fabrics was however staple during the year. Power position in Tamil Nadu was stable during the year.

==== Sri Kannapiran Mills Limited ====

The textile industry has suggested various measures to improve the performance of textile mills in India to Government of India for stabilizing cotton prices, good infrastructure to improve the movement of goods at low cost, lowering of import duty on cotton, extension of export benefits, lower power cost and Bank interest rate.

Opportunities

The continuing anti-China sentiment that was triggered by the US China trade tension intensified further after outbreak of Corona virus in China. Global apparel manufacturers in USA and EU are now finding Bangladesh, Vietnam and India as competitive markets over China. The industry will witness increased e commerce sales and digitalization of supply chain. This is likely to pave way for India to earn global attention after the tide turns favorable. Indian industry need to prepare themselves to take advantage of the changed situation with support from Government.

The Indian Market is also on a consolidation phase. Big Retail Brands are growing at a faster pace especially in the non urban markets and smaller cities. The market outlook for Indian Denim Fabric in the Domestic and International market looks very good and encouraging. Value additons to Denim Fabric like blends in tencel, viscose hemp, linen and other sustainable fibres make KG Fabriks a preferred company for Buying House.

It is also expected that Company will stand to gain in a large way mainly due to sustainable efforts in water conservation and reuse for weaving and processing of fabric. Company holds several certifications for process and product quality which all will enable increase in volumes, sales and profits over the future years.

Threats

Leading global brands reduced scale of operations not booking bulk orders on slowdown of economy in Europe and USA, continuing Ukraine war and Israel issue which deeply added to the woes of Indian players causing lower margins and lower capacity utilization across the value chain.

However the industry is expected to revive gradually in long run. First half of FY 25 is however expected to be tough on account of continuing lower demand and margins. Stiff competition from low cost countries due to duty concession and finished product import from other countries continues to pose threat.

Indian textile industry is highly dependent on availability of domestic cotton at a competitive price. Continuation of present cotton prices in next season and revival of yarn demand and apparel segments demand will help to improve sales and profitability.

Lack of large scale and vertically integrated setups coupled with lower productivity levels for garmenting affects Indian Denim industry to have a strong Global presence. Also cost disadvantage by way of increased import duty in EU & UK for Indian apparel imports increased labour cost and high interest rates affects to have a Global presence.

There is shortage of skilled labor in the industry despite India having a favorable demographic profile and industry expects normalcy during the current year. It is expected that this will lead to more innovation and automation of operations. The continuing political issues between Russia and Ukraine & other countries and Israel issues will impact exports.

Segment wise or product wise performance

The Company is engaged in the business of spinning of yarn and weaving of fabrics and accordingly this is the only Single Reportable Segment.

KG Sri Kannapiran Mills Limited

Outlook

Overall, FY 2025 is expected to be a normal year for the textile industry due to lower domestic and overseas demand and however will be better than FY 2024 in view of lower cotton price. Further major focus shall be on cost cutting measures, improving productivity, value added sustainable products, reduction in wastage and efforts on taking quality to next level and deriving efficiency to make products further cost competitive.

The Global Denim Market growing at a CAGR of 5% is projected to reach USD 135 Bn by Financial Year 31. The current Indian Denim Apparel market is expect to grow at CAGR of 9% and reach USD 12.6 Bn by Financial Year 31 due to rising disposable income, urbanisation and growing influence of western fashion trends

Sustainability is the main buzzword amongst Brands in the international market. KG Fabriks on account of its certifications is regarded as one of the top supplier of True Sustainable Denim Fabric from India. This will ensure a good equity amongst international brands where the market share of the company is increasing.

The Company is able to sell its products due to wider product range viz., compact yarn, slub yarn, gassed mercerized yarn, polyester yarn, denim yarn, glove yarn denim and industrial fabrics. Exports for the year were ₹ 115 crores constituting 25 % of total sales. Company has dealer network at various places in India to meet the end user's requirements immediately.

Auditor's responsibilities for the audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- C. Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.
- D. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- E. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

“ANNEXURE B” TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' section of our report of the even date to the members of **M/s. SRI KANNAPIRAN MILLS LIMITED** on the Standalone Financial Statements for the year ended March 31, 2024.

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of section 143 of the Act.

1. We have audited the internal financial controls over financial reporting of M/s SRI KANNAPIRAN MILLS LIMITED (“the Company”) as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

Sri Kannapiran Mills Limited

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and dispositions of the assets of the company.
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisation of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting.

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

INDEPENDENT AUDITORS' REPORT

To

The Members of **SRI KANNAPIRAN MILLS LIMITED**,

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **SRI KANNAPIRAN MILLS LIMITED** (“the Company”), and its subsidiary **KANNAPIRAN POLYMERS LIMITED**, together referred to as the “Group” which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss and consolidated Statement of cash flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as the “Consolidated Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act 2013, ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2024, its loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the rules hereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Consolidated Financial Statements and auditors' report thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, Business Responsibility Report but does not include the Consolidated Financial Statement and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

— Sri Kannapiran Mills Limited —

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Consolidated Financial Statements

- A. The Holding Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position and financial performance, and its cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- B. In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing each company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditor's responsibilities for the audit of the Consolidated Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Sri Kannapiran Mills Limited

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- C. Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.
- D. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- E. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

1. We have audited the internal financial controls over financial reporting of M/s SRI KANNAPIRAN MILLS LIMITED ("the Company") as of March 31, 2024 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective board of directors of the company and its subsidiary company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company and its subsidiary company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. — Sri Kannapiran Mills Limited —

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and dispositions of the assets of the company.
 - 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisation of management and directors of the company; and
 - 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting.

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the company and its subsidiary has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
